Organizational Background and Biographical Information.
The Youth Association for Development (YAD) Baluchistan.

The Youth Association for Development (YAD) is a civil society initiative based in Baluchistan and whose roots lie with a core of volunteers in different districts of Baluchistan. YAD is a multi-sector development organization working on participatory development approach to bring long term change & sustainable development in the society. The idea of a civil society organization evolved in 2001, when a group of likeminded people working in the social, political, human rights and development sector in Baluchistan and having enough international exposure and experience, got together and initiated the dialogue among themselves on issues of peace, democracy, human rights, environment, water, sanitation, hygiene, health, education & other social issues in the province and country; The group concluded the need for an organization which can address the above mentioned issues through a holistic approach; promote the value of peace and basic human rights; address democratic and governance issues; conduct research and analysis; initiate dialogues among different segments of society; take steps toward a peaceful, tolerant, and democratic society, conservation of environment & natural resources management, sanitation improvement & hygiene education, working for IWRM and provide an enabling environment to civil society of Baluchistan.

2. **Master Peace Club Islamabad, Activities**

**Activities conducted:**

1. **Youth and stakeholders consultative and follow meeting on peace through arts, culture, love and forgiveness**
2. **Public awareness cum mobilization rally on peace through arts, culture, love and forgiveness**

Master Peace Club Islamabad Pakistan conducted two activities 1. Youth and stakeholders consultative and follow meeting on peace through arts, culture, love and forgiveness. 2. Public awareness cum mobilization rally on peace through arts, culture, love and forgiveness master peace club members, Youth and Peace lovers participated in these events to foster the best efforts to communicate the Concept, Values and Goals to other communities to involve people in peace building to access to accomplish the goal of mobilize millions of people, to accelerate work for the sake of peace in the broadest sense, including social sustainability, the reduction of armed conflicts and collaboration.
This is master peace club Islamabad Pakistan self-help initiative peace through arts, culture, love and forgiveness the master peace club Islamabad Pakistan focal person Mr. Atta ul Haq delivering his speech elaborate that we need to foster awareness of the power of love and forgiveness in the emerging from locally to global community. People across the country from all religious, faith, race, caste, language, cultures and traditions, embrace love and forgiveness in daily life. These values are universally viewed as central to the fabric of humanity. Yet, the emerging global community has few institutions dedicated to deepening the understanding and fostering deeper awareness of these values. In this context, the Master Peace Club Islamabad a club of Master Peace under umbrella of Youth Association for Development (YAD) a unique role working to investigate, activate, and celebrate the power of love and forgiveness as a practical force for good in today’s world. We are interested in how people truly experience and understand love and forgiveness from their diverse points of view, especially from the perspective of their daily work in the world. Our Point of View we believe in the transformative power of love, love that protects us in our vulnerability while also impelling us to tend to the needs of others. We believe that forgiveness can also be transformative, a process that further extends the healing power of love. We accept that these forces have power: power to heal, and power to transform even the most difficult, troubled situation into something that is generative, affirming, and life-giving. In a world that seems dominated by aggression and separation, we are part of a broad and deep yearning for something different. We join those who desire greater civility in our public lives, who seek a return to sharing human connections through community, who exhibit an openness to love, forgiveness, and compassion, and who hunger for deeper and more meaningful relationships. Our work is grounded in a conviction that the connection between the inner life of spirit and outer life of service and action in the world holds the key to lasting change. All of our activities past, present, and future are united by a desire to help improve the human condition by increasing conscious awareness of the relationship between this inner and outer life. This desire is central to the world's religious and wisdom traditions. While the Institute has no particular religious affiliation, we honor and learn from these many traditions. The art and culture both components are very important to bring peace to end conflicts and wars we must promote peace through arts and culture for this purpose we will utilize the services of indigenous peoples to bring peace in the lives of everyone and end minor/major conflicts and wars. In this occasion Hajji Zahad Khan Dottani, Muhammad Ashraf Kakar and Saboor Khan also delivered their speeches and the urged that through master peace club we will get together to foster peace building struggle to moralize the demoralize people through arts and culture activities The activities aim were Peace-building, to raise the awareness for peace, to impact peace building directly. Community Engagement through this project master peace club Islamabad engaged individuals and organizations to steer change and build peace in their communities, involved participation for the rest of the community. “Make it easy” involved a large number of volunteers.

Mr. Atta ul Haq informed youth that all the religions are preaching peace so we must follow the
preaching of our religion for peace. He told that without peace the development is impossible so peace is the necessary and we should first implement peace which directly leads to development, otherwise this is just faulty justification and false dreams that we can develop without peace, so peace is the first stair of the developments so let’s join hands together & play your due role for peace building & conflict resolution. We should make ourselves as ambassador of peace building rather than peace followers and we should focus on conflict resolution because this is our prime responsibility to build peace. When once there was peace there would be development and prosperity in our society. But how could it be possible. For this we all either peace lovers, peace change makers, peace ambassadors ‘need a platform where we together with discipline & act for peace. As peace is right so keep it right & do not violate this right. In this occasion all the participants took their keen interests in this massage and project. They appreciate the IPYG and YAD for this noble initiative and pledge that they will play their dynamic and vibrant role to bring peace building and wars in from the society.

Dear Respected Youth Association for Development (YAD), Global Family in Peace,

Greetings. My name is Jisu Kim writing on behalf of International Peace Youth Group (IPYG).

We are global coalition of youth for peace working for bringing the end of war and conflicts, and achieving peace over the world.

In this communication, we hope to share the news of peace which has been accomplished and to deliver the message from the Chairman of HWPL Mr. Man Hee Lee to you the respected family of peace.

As the world has been hoping for, the 1st Annual Commemoration of the World Alliance of Religions’ Peace (“WARP”) Summit on September 17 – 19, 2015 was a great success under the grace of the heaven.
The former and current heads of state, religious leaders, academics, legislators, youth representatives, and women leaders were gathered once again on this special seating to further discuss to find a viable solution toward cessation of war and achievement of international peace by sharing and looking back on the achievements made in the past year, according to the promises made at the WARP Summit 2015.

International Peace Youth Group and International Women’s Peace Group, playing as a vital role of two wings of HWPL, demonstrated their commitment to promote the implementation of an international convention on cessation of war, and discussed their role in urging for the implementation of the convention.

All the distinguished guest who has attended responded by agreeing and being surprised by the idea and realized the strength of HWPL by seeing the performance of youth and women groups in sync to achieve cessation of war and urging for the implementation of an international convention.

Due to such vital role of youth, Mr. Man Hee Lee, Chairman of HWPL, is delivering the letter of peace to you to further carry out as a cornerstone of international peace together.

We have attached the newsletter reporting the productive results during the commemoration summit wishing for peace to be with you also.

Yours Sincerely,

Jisu Kim, staff liaison

Dear beloved members of the International Peace Youth Group (IPYG) of the global community:

Hello family members of the International Peace Youth Group. I am Man Hee Lee, the Peace Advocate of Heavenly Culture, World Peace, Restoration of Light (HWPL).

The endless efforts and activities of HWPL’s youth have allowed the flower of peace to bloom and become a light that shines in the world.

HWPL’s 2nd Annual Commemoration of the Declaration of World Peace event was held all over the world and the cry for peace is echoing across the global community through the active reports of the mass media of each nation.

Even the Island of Mindanao, Philippines, a land stained with the blood of 120,000 lives from the 40-year conflict, has declared this day as HWPL Day. The governor, the rebel forces, the government forces, the representative of Catholicism, and the representative of Islam gave congratulatory speeches for Heavenly Culture, World Peace, Restoration of Light. Through their handshake, a peace monument was erected on this bloodied ground, and the dove of peace embraced this Earth.

Beloved members of IPYG, let us become one and guard the life of this beautiful Earth. We can do it. Let us achieve the cessation of war and world peace and leave it as a legacy for the future generations.

Do you remember the World Alliance of Religions’ Peace (WARP) Summit held on September 16 through 19 of 2014?

The former and current political leaders pledged to enact an international law, and the representatives of each religion pledged to unite religions under God, in the sight of God, all people of the world, and the Peace Advocate. Heaven and earth were called as witnesses.

On the 18th, the clouds came and covered only the 63 building, and on the 19th, a double rainbow arched the World Peace Gate. Many media stations broadcasted these phenomena. It is written in the Scripture that God comes with the clouds and that the rainbow is a symbol for His covenant.

The enactment of an international law and the WARP Summit were unprecedented and epochal events, and that day, God was there and made a covenant with us. Now the chief justices are working eagerly towards the enactment of an international law, and the religious leaders are working hard for the unity of religions. HWPL WARP Offices are opening across the world. Peace monuments are being erected in many regions, and people are working to this day to achieve the unification of all scriptures.

Furthermore, political leaders all over the world are promoting to support and participate in the peace works of HWPL. Former and current heads of state, chief justices, lawmakers, mayors, broadcasting stations, representatives of organizations, and representatives and leaders of various religions and walks of life are participating. They have also been appointed as HWPL Publicity Ambassadors or members of the HWPL Peace Advisory Council. As you can see, the world is becoming a global community ruled by God. This is a proof that heaven is working with us.

Everyone, let us work with God to end all wars on this earth. Let us achieve peace so that the lives of the innocent youth will no longer be sacrificed.

The Peace Advocate of HWPL believes in the youth. I, Man Hee Lee, belong to the youth.

I love you all.

In front of the Peace Monument

Yours sincerely,

Man Hee Lee, Peace Advocate
Heavenly Culture, World Peace, Restoration of Light
16 December 2015

Dear heads of youth and women’s organizations, and press around the world:

Greetings, I am the chairman of Heavenly Culture, World Peace, Restoration of Light (HWPL), the International Women’s Peace Group (IWPG), and the International Peace Youth Group (IPYG).

At the World Alliance of Religions’ Peace (WARP) Summit, each of us made a pledge in the sight of God and all the people of the world, and heaven and earth served as witnesses. The political leaders pledged to work towards the enactment of international law, while religious leaders pledged to unite religions as one under God. Furthermore, heads of various organizations from around the world also pledged to urge anyone and everyone who does not carry out these promises to keep them.

An international convention on the cessation of war has already been drafted. However, for religion, there are countries and areas that are not establishing HWPL WARP Offices and holding meetings to compare and study religious texts.

Heads of each city and organization must urge the religious representatives and leaders who are not setting up HWPL WARP Offices and holding meetings to compare religious texts for the unity of religions to carry out their promises. In doing this, you are keeping your promise. Also, this must be done because we cannot allow destruction to come upon mankind due to religion. Let us all urge the religious leaders to keep their promise.

To all the reporters and media personnel, you have the same responsibility as the heads of youth and women’s organizations to call upon the religious leaders to carry out their promise. Please broadcast and report this.

Earnestly,

To the HWPL Family of Peace:

Greetings, family members of peace. I am Man Hee Lee, the peace advocate of Heavenly Culture, World Peace, Restoration of Light (HWPL).

The light of Heavenly Culture, World Peace, Restoration of Light has shown brightly upon the whole world through the 1st Annual Commemoration of the WARP Summit.

Glory to the heavens and peace on earth. We are a family of peace—we are one. I am the light of the East, the advocate of peace. I have been sent by the heavens to you. We all are messengers of peace in this era. Let us spread to our family of humanity throughout the global community the news of the progress we made through the 1st Annual Commemoration of the WARP Summit. This is our calling, the work we must accomplish. God and I are with you. Now is the time when the old era is passing away and we are welcoming the new and good era: the era of God’s reign.

Thank you.

Yours sincerely,

Man Hee Lee, Peace Advocate

- 18 – 29 Years: 15  
- above 29 Years: 18  
- Muslim: 33  
- Non-Muslim: 02  
- Persons with Disabilities: 1

**Proceedings:** (brief description of the proceedings) participant’s feedback on activities/ their reflections: The Forum started with the Registration of holy Qurain Mr. Asad Khan Tareen got this opportunity, Provincial Secretary General Awami National Party (ANP) Sardar Rashid Khan Nasir was chief guest of the forum, Mr. Atta ul Haq Khaderzai CEO YAD chaired the forum after that the introduction sessions held the
participants introduce each other’s as well as the facilitators, the host organizations in mean time Mr. Atta ul Haq Khaderzai CEO YAD briefly introduce the Chanan Development Association (CDA) its program, geographical coverage and project of strengthening youth organizations in Pakistan on democracy, Mr. Gul Khan Nasir CEO Sangat brief the participants about the partners organizations of that project their role and responsibilities as well as interventions to taken in district Quetta. Mr. Atta ul Haq Khaderzai elaborate the purpose of the forum and also share the concern about not participation of the elected representatives he told that we invited four sitting MPAs of the political parties to become part of that forum including Walem Jan Barkat MPA of PMAP, Handery Maseh Baluch (MPA of national party) Nasrullah Zirai MPA of PMAP and miss Rahela Durraei MPA of PML (N) but unfortunate these MPAs not here today in this forum, he continue his speech that Pakistan 60% population of youth but youth are disadvantage segments of society girls, minorities & disables are double disadvantage being gender discrimination, ethnicity & stigma. Youth have not been involved in mainstream democracy they have lack of information about democracy, human rights, governance, politics & development. Youth have not been mobilized, aware, educate & sensitized about democracy & their role, youth voices have not been strengthened. 90% of youth have leadership qualities & skills but their skills did not utilized for democracy, development, democratic system. Due to several factors ignorance of youth as a result militants and so-called ‘Jihadis’ have become more powerful in the country and have managed to capture mosques and madrassas. Through these religious institutions, militants preach hate and invite youth to crusade against injustice. The lack of positive identity makes youth highly vulnerable and easy prey for terrorism, extremism & militants so there are dire need to address the issues of youth and include the youth in mainstream democratic process, democratic institutions and political parties. Mr. Gul Khan nasir further elaborate that the innovation, creativity and entrepreneurships in terms of youth are very necessary the youth should be focus by the elected representatives, political parties, line departments and other institutions working for the youth activisms because future of the society and country are the hand of youth they have time to render their services for the development process of the area and democracy is one of the necessary thing in human life so the youth engagement and involvement in democratic process and democracy are very necessary because we can bring positive and big change through utilization the proper services of the youth. After that the forum open it to all the participants to share their view, opinions and recommendations on strengthening the role of youth for democratic process, democracy and introduction, Khalil Agha of national youth organization share that indeed the youth role is very important in all walk of life particularly in democracy, Asad Khan Tareen of PTI share that this is credit of PTI we issued the 70% ticket to youth below 29 years age and thus we succeed in KPK with 33 seats in national assembly he further told that the other political parties of the Pakistan also follow the strategy of PTI, Mr. Ayaz ul Haq of PSO informed that PSO from last
three years running the enrolment campaign with involvement of kids and youth thus we have enrolled more than 100000 children with schools thus the dropout rate decreased in Pashtoon districts of Baluchistan. The other participants also share their views, reflection and feedback the answer and question sessions also held at the end of the forum. The Chief Guest on his speech told that ANP working with youth since long from Khudi Khidmat Gar Tehrek of Bacha Khan the same practices are continue however we more accelerate the youth inclusion in mainstream of the political parties he committed that he will put the youth engagement and recommendations in central committee meeting in policy level however I appreciate the efforts of CDA and partners organization they conduct that kind of forum and give opportunity to us to interact each other about the role of youth in democracy. At the end of the forum the Atta ul Haq Khaderzai thanked all participants of the forum

**Success: success during the Forum.** Mr. Kalil Agha provincial president of National youth Organization Baluchistan (A Wing of ANP) committed that his organization will work for the promotion of democracy through effective involvement of youth of the national organization and ANP before this forum my concept was not clear about the importance of youth and democracy this forum give me a knowledge, idea, strategy and encouragement to strengthening the role of youth on promotion of democracy and effective engagement of youth in political democratic process of the country, he also fledge that their organization will full cooperate and support with CDA and its partners organizations here in Baluchistan for that precious campaign to achieve the desire goal along with long term impact in Baluchistan.

**Challenges (challenge during this particular forum )** The partners participation challenge was that only three partners organization participation in the forum the remaining partners organization not participated even in the forum so this was away think that the remaining organization will be involve in the entire preparation process of the process. the another big challenge we faced was that the participation of elected MPA of the province we continue the coordination with MPAs to become part of that forum and interact them with the participants of the forum however none of MPA participated of the forum in spite of 4 MPAs commitment to be participate

**Recommendation (recommendations to make such events more successful).** The local government structure is completed in Baluchistan however the other province will complete it as soon as possible so the role of local government elected representatives are very important to involve them for the strengthening the role of youth for democracy and youth activism as they representing they the grass root level so in future events the local government elected representatives must be involve in the programs and event.

**Other point:** a separate forum should be conduct with the women of the province because in Baluchistan context there are some barriers and cultural bond to actively participation of women in any events so it is strongly recommended that the separate forum should be conduct with the women of the province.

Description of Activity:
Youth Association for Development (YAD) Quetta conducted Youth activism mobilization awareness and sensitization session in district Loralai and Youth activism mobilization awareness and sensitization session in district Quetta for the purpose of Youth activism to combat gender based violence and violence against women from peace. From Peace in the Home to Peace in the World: Let’s Challenge Militarism and End Violence Against Women! This year’s Campaign marks our third year of advocacy on the intersections of gender-based violence and militarism. Based on feedback from participating organizations and individuals continues to engage with participants to challenge militarism and explore the deep socioeconomic structures that perpetuate gender-based violence. Violence Perpetrated by State Actors: Governments and state actors use violence to achieve political goals, employing militaristic ideologies and the need for “state security” to pass off...
violence and intimidation as "security" measures. Within militarism’s culture of violence, individuals in positions of authority believe they can commit crimes with impunity, which is exemplified by high rates of sexual violence within the military, threats by police to women reporting cases of violence or assault, ongoing harassment and intimidation, forced “virginity tests” on female protestors by authorities, and violence against women living and working around military bases. Women’s human rights defenders who work on issues related to economic, social, and cultural rights as well as civil and political rights are also targeted.

**Objective:** Youth activism to combat gender based violence and violence against women peace restoration, peace building & conflict resolution in the target area. In this regard YAD management and volunteers sensitization and mobilization events held in YAD head office Quetta on the theme of youth activism to combat gender based violence and violence against women. On this occasion the IEC material disseminated, the Chief Executive Officer Atta ul Haw Khaderzai addressed to the participants that gender mainstreaming is cross cutting theme of YAD, the YAD 85% programs, project are for the gender equity, equity, women empowerment, ending SGBV, VAW and diversifying the gender education in the target area, he also highlighted that YAD completed three major project with the goal of women rights and empowerment on this occasion YAD program Officer Fouzai Khan, Program officer Fatah Mohammad and Mehwish talib also addressed about the need and impotence of women empowerment. All the speakers highlighted the slogans of the meeting including. From Peace in the Home to Peace in the World: Let’s Challenge Militarism and End Violence against Women. Militarism remains a key source of violence for women, Violence Perpetrated by State Actors, Domestic Violence and the Role of Small Arms, End gender based violence, Violent against women, End domestic violence against women, Women are the ambassador of peace, Lets join hand together to end all violence against women, Inclusion of women in peace, change & development process, Socially economically empowerment of women.

**The Objective:** Coordination development between management working together for women empowerment, women protection, women development, ending gender based violence, violence against women peace restoration, peace building & conflict resolution in the target area.

**Results:**
Awareness raised on women human rights, gender based violence & violence against women.

lets join hands together for the development of women.
Staff sensitized on women rights, women empowerment, women protection from violence.
Promoted the massage of from peace in the home to peace in the world: let’s challenge militarism and end violence against women!
Promoted the massage of militarism remains a key source of violence for women.
People sensitized about violence perpetrated by state actors.
People aware about domestic violence and the role of small arms.

**Geographical Area – Province/City/District:** Quetta and Loralai Baluchistan
12. **Global Ethics Network:** YAD working with collaboration of GEN On the occasion the activities culminate in a week of events in Quetta, exploring a "global ethic" as well. In the tradition of a "teach-in" model as well, as to promote the ethical values and culture in Pakistan.

13. **Aghaz-e-Dosti Initiative:** is a people's initiative this journey is for peace and friendship between India and Pakistan. YAD keeping in mind the Aghaz-E-Dosti Goal, YAD taken several steps to create a culture of mutual peace and understanding. In this regard, we have conducted several formal and informal discussions, public demonstrations, painting competitions, aman chaupal sessions and have launched "Calendars for Peace and Love" Aman Chaupal including interactive sessions in which someone from or who has gone across the border interacts with students in a school. The students are encouraged to ask questions. The motive is to bridge the lack of communication and miscommunication that has led to a culture of mutual hatred and suspicion. As well celebration international day for peace under this program.

14. **The World Peace Prayer Society:** YAD with collaboration of the world Peace Prayers Society working in Pakistan taken several steps on to spread the Universal Peace Message and Prayer, May Peace Prevail On Earth, far and wide to embrace the lands and people of this Earth. The Power of Thought: forms create an energetic field strong enough to empower the course of planetary destiny. The Power of Words carry vibrations strong enough to inspire, heal and transform the human heart as well as the Kingdom of plants, animals and all creation. The Power of May Peace Prevail on Earth. May Peace Prevail on Earth is an all-inclusive message and prayer. It is a meeting place of the heart bringing together people of all faiths, backgrounds and culture to embrace the Oneness.
of our planetary family. The Universal Message and Prayer, May Peace Prevail On Earth, was conceived in a moment of great inspiration by Masahisa Goi of Japan. Since its birth over half a century ago, the simple yet profound words, May Peace Prevail On Earth, has reached deep into the hearts and lives of global citizens everywhere. Uplift The May Peace Prevail On Earth movement is a grassroots global movement to inspire, and re-awaken the inherit consciousness of love, peace and harmony which exists in every one of us. It is a movement to bring inner peace of mind and to foster peace in the world at large.Inspire The power of May Peace Prevail On Earth lies in its capacity to bring people of various cultures, faith traditions and political ideals together as one united global heart and mind. The Message allows us to sincerely focus on our mutual desire to serve, create and manifest true peace on earth while transcending our differences and celebrating our common humanity.Awaken In the original Japanese version of May Peace Prevail On Earth, the character for 'Earth' includes not only humankind but 'Life in all Realms of Creation'. When we speak the words, May Peace Prevail on Earth imagine that the frequency and energy field of Love, Peace and Harmony reaches the kingdom of plants animals and all of Creation including our solar system, the cosmos and the Universe at large. As well celebration international day for peace, peace prayers events under this program

15. Tree for Harmony: YAD with collaboration of Tree for Harmony is working in Baluchistan Pakistan ‘Tree For Harmony: 2015’ week to be observed during 16-21 TFH is an initiative by Mission Bhartiyan, along with other organizations observe a week for Environment and Peace. YAD observed the tree for harmony week in Quetta Pakistan some schools and people participated; they showed their concern for Environment and Peace. Paintings, tree plantations, discussions etc were being done. With the concept of Tree for Harmony, we say that we all must be like a tree. A tree has quality to ‘give’ (oxygen) equally to everyone without any self-motive, it has quality to expand its roots like humanity should, it has quality to grow itself together with growth of stems and leaves, like a society or a country or a region for a collective growth. YAD trying to build a movement of sensitization of people towards Peace and Environment both and how both is the most important requirement of human being but both are degrading and therefore need protection. We, as a people have every possibility to bring the change and we must be aware and to make others aware that we care our environment, our co-existence and the peace of within and outside.

Activities done: Tree plantation, Peace and harmony discussion, Awareness about environment and peace in village, blocks, schools, Message writing, painting, essay etc on Environment and Peace and celebrated international day for peace.
